# SCRATCH Jr. PROGRAMMING

Create Stories, Games &  
Animations using  
**SCRATCHjr**  
Programming

**Who:** Students in Grades 1-2  
**When:** Saturday, June 1st, 2019  
**Time:** 9 am – 11:00 am  
**Location:** HTCS Classroom

**Free Class**

### Learn Scratch Programming:

Young students will learn how to code using Scratch programming and create interactive stories and games. When students learn to code in Scratch, they learn important strategies for solving problems, designing projects, and communicating ideas.

### What is “Scratch”?

**Scratch** (<https://scratch.mit.edu>) is a free programming language created by MIT, and it helps young people learn to think creatively, reason systematically, and work collaboratively.

### What is “ScratchJr”?

**Scratch Jr** ([www.scratchjr.org](http://www.scratchjr.org)) is a free programming language that is an extension of Scratch and is intended for young children.

**Who can attend?** **Students Grades 1-2 only.** Students **must bring their own tablet** (iOS or Android), and a **parent must attend** the session.

**Limited Seats... Registration is required.**

Registration link will be emailed and posted at [www.venkateswara.org](http://www.venkateswara.org)  
at 9pm on the registration day mentioned above.
